Her rise to fame has come from her ridiculously good looks, her effortless style and that little thing we call being naturally "cool".*

# Metal ALOHA

*Welcome to METAL ALOHA.*

*Now GO HOME.*

*METAL ALOHA is a juxtaposition of two elements being seen together to create a contrasting effect*

*Our Surf culture's existence is the essence of juxtapositions, with a party all night and surf all day attitude. From beach babe to wave slave, our bikinis are no longer just a fashion statement that is confined to the beach. With a beach to bar demeanour it's these opposites that attract and make the beach and surf culture so unique.*

*The METAL ALOHA collection encompasses heavy METAL music with the Hawaiian ALOHA spirit; combine the two and you have a fresh direction that hasn't been seen before.*

*METAL ALOHA is a new initiative from Rusty being launched for Spring 2015 and will evolve season-to-season with the main product focus being board shorts & swim wear. This vision will also guide our other product categories as we look to present a story that is uniquely Rusty.*

*METAL ALOHA is going global with a simultaneous world-wide launch, it will be Rusty's primary marketing direction encompassing all print, social media and instore mediums.*

*Envision hula girls shaking their hips to the beat of Metallica.... Now that's Metal Aloha*

*METAL ALOHA is going make some Fu#kin noise, politely.*

\* Order metal aloha style dark wave u/w set to receive a window display kit featuring dark wave u/w set. Please confirm on your order form. Look for the "window kit" icon that denotes the styles available for window displays

## (BEFORE CROWDS)

---

In 1985 Rusty Preisendorfer started his own shaping line called Rusty using a large R with a dot as his logo. This was referred to simply as the 'R Dot'. A symbol which did not take long to move onto apparel as the brand became more established and recognised in the world of surfing.

Before Crowds pays homage to these early beginnings of Rusty and the 'R Dot'. Here we will be bringing back original pieces we believe stand the test of time, personally sourced from the great man's wardrobe himself.

SPRING 2015

# LADIES /// THE ESPADRILLE

Our favourite thing about spring is the chance to step out in a new pair of espadrilles, they are a classic summer wardrobe staple given their relaxed appeal and breathable nature. The spring range offers new exclusive prints, panel breakups and fabric interest, making them the perfect shoe for any outfit.
