OUR KIND LIVE IN BIKINI'S

A lifestyle of living in bikini's means we need to have you covered for all situations and our latest Spring 15 range does just that. Our versatile range is designed to suit the beach babes, wave slaves and pool ponies with traditional bikini shapes, unique prints, innovating textures and intricate detailing.

Within the swimwear realm Rusty has produced a range that is on trend. With fabrics, textures, silhouettes and prints that are exclusive and uniquely Rusty.

One thing we know is that you can never have enough bikini's; we live in them.

If we're going to the beach, supermarket, to a BBQ, whatever! If we can get away with wearing bikini's we're gonna do it

Metal ALOHA

*Welcome to METAL ALOHA.
Now GO HOME.*

METAL ALOHA is a juxtaposition of two elements being seen together to create a contrasting effect

Our Surf culture's existence is the essence of juxtapositions, with a party all night and surf all day attitude. From beach babe to wave slave, our bikinis are no longer just a fashion statement that is confined to the beach. With a beach to bar demeanour it's these opposites that attract and make the beach and surf culture so unique.

The METAL ALOHA collection encompasses heavy METAL music with the Hawaiian ALOHA spirit; combine the two and you have a fresh direction that hasn't been seen before.

METAL ALOHA is a new initiative from Rusty being launched for Spring 2015 and will evolve season-to-season with the main product focus being board shorts & swim wear. This vision will also guide our other product categories as we look to present a story that is uniquely Rusty.

METAL ALOHA is going global with a simultaneous world-wide launch, it will be Rusty's primary marketing direction encompassing all print, social media and instore mediums.

Envision hula girls shaking their hips to the beat of Metallica.... Now that's Metal Aloha

METAL ALOHA is going make some Fu#kin noise, politely.

* Order metal aloha style dark wave u/w set to receive a window display kit featuring dark wave u/w set. Please confirm on your order form. Look for the "window kit" icon that denotes the styles available for window displays

We are the salty hair head bangers. We rock out to Metallica in our favourite bikinis, throwing up shakas on one hand and devil horns on the other. Middle fingers to mainstream trends, this is METAL ALOHA.
